

Weddings at Finchcocks

MUSICIANS FOR WEDDINGS

Finchcocks is a keyboard museum and we are extremely happy to provide keyboard music during the ceremony if that is what our customers would like at no extra charge. Quite often a musician or group of musicians are engaged to play during the ceremony, in the garden, after the ceremony and whilst the meal is being served. All engagements are made directly with the musicians and not through Finchcocks. This is a list of individuals who have given us their detail to pass on to customers.

Band Matters *all sorts of musicians including quartets*
